Hi Brian,

We use BMC Control-M Workload Automation and have done for about 8 years. Has always been very reliable.

Regards,

Chris Waite | Technical Team Leader

Subject: RE: Batch Scheduler for CC&B?

Hi Brian

At Alectra we use UC4 (Automic) works great. Also use it for all our Report scheduling from another software. If you need further information let me know.

Thanks

Subject: Batch Scheduler for CC&B?

CAUTION: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Hello everyone. I'm the IT Manager for the City of Sacramento, working on a CC&B install for our Department of Utilities. I thought I would reach out to this group and solicit some information concerning what tool you use for scheduling your batch jobs. We knew that CC&B has its own capabilities but they appear limited for our needs. We've been asking vendors to respond to our request for quotes, but the few that have answered have been ridiculously expensive! I was hoping that you could let me know what you use for your batch process scheduling (UC4, OpCon, Tidal, etc.), and if you are happy with the performance. Thanks very much for your cooperation and I look forward to hearing back from you!

Brian McKee
IT Manager, City of Sacramento
